

Look Solutions Wireless Kit - 6Ch

For use with Look Solutions machines that use a 3-pin XLR for analog control:
Viper, Cobra, Orca, PowerTiny and Unique

**** \$650 plus shipping ****

Set includes: 6 receivers, 1 wireless remote, Pelican case.

Red LED on each receiver for visual confirmation of ON status.

100ft+ range with clear line of sight.

Ch1-4 are set to toggle mode. Ch5-6 are set to momentary mode. ON/OFF buttons toggle all receivers. This will bypass the momentary function on Ch5-6.
